Public Transportation Modernization, Improvement & Service Enhancement Program (PTMISEA)

Final Project Report

Per G.C. 8879.50 (f)(2) "Within six months of the project becoming operable the recipient agency shall provide a report to the administrative agency . . ." Please provide the following information:

Fiscal Year : 2009/10
PTMISEA Cycle :
Project Sponsor : City of Fresno / Fresno Area Express (FAX)
Contributing PTMISEA Sponsor : FCOG
Project Name : Purchase/Install CNG Compressor

Project Scope

Table with 2 columns: Original Application, Final Project. Row 1: FAX will purchase and install a third CNG Compressor at its main facility. As FAX continues to convert its fleet from Diesel to CNG, the need for CNG fuel increases. The current two compressors are often unable to keep up with the demand placed on them, thus creating inefficiencies by increasing the time required to fuel the fleet. The requested funding will match funding already secured through federal grants for this purpose.

Funding

Table with 2 columns: Original Application, Final Project. Rows include funding sources: 99313 (\$54,600), 99314 (\$0), PTMISEA Interest (\$0), Other Funds (Federal \$493,400, State \$0, Local \$0), Total Project Cost (\$548,000 vs \$551,587).

Schedule Date

Table with 2 columns: Original Project Schedule, Final Project Schedule. Rows include project milestones: Begin/End Environmental, Design, Right of Way, Construction, Vehicle/Equipment Order, Closeout Phase.

Anticipated Performance Outcome

Actual Performance Outcome

Performance Outcomes Description/Improvement Percentages

Reduce Operating/Maintenance Costs: 3%

Operating/maintenance costs will easily be reduced by 3% related to the CNG facility due to improved service.
